HERC Mural at TCC Unveiling

When: Sunday, April 28th

Time: 2:00 pm

Where: 136 Progress Drive

The design aims to communicate themes of resilience and hope, while also acknowledging the history behind the unspeakable atrocities of the Holocaust. The children in the foreground are seen nurturing vibrant green grass that is seen growing from the train tracks of Auschwitz, while also watering blue iris flowers, which are symbolic of faith and hope. The message of life and hope teaching the next generation.

Tallahassee's **Holocaust Education Resource Council** is proud to announce that our new mural is officially complete. We are asking that the community come out for HERC's unveiling of the mural at our office located on the campus of **Tallahassee Community College**. The event will take place on April 28th, Sunday, at 2:00 – 4:00 pm. We will begin the unveiling ceremony by giving the community ample time to look at and discuss the painting. Following the unveiling we will invite the community to come in and get a brief tour of our facilities as well as answer any questions regarding HERC's mission and future HERC events. For the younger members of our community we will be offering an art activity of decorating rocks in the memory of all those who we lost during the Holocaust. At the close of our unveiling event we will be serving light refreshments and encourage everyone to take a

few moments to reflect their thoughts on the mural. We hope you will all be able to join us in welcoming our new, beautiful mural to campus and look forward to seeing you at future events.

Many thanks to all at the **FSU Department of Art Education, Art Therapy Program** and **TCC Facilities** who helped make this possible. The inspiring talent and support by the college made this an important experience to educate everyone.
